Dear Doug:

On August 8th we wrote to you concerning overseas pay for [redacted]. Since that time, our plans have changed drastically and we find instead that [redacted] will not leave the ZI for a fairly long time. However, [redacted] of our organization is leaving on 26 August to join [redacted] on a P.C.S. basis.

We would like [redacted] to receive \$100 per month. It is assumed that government quarters and messing will be provided. If these quarters and messing are not provided, [redacted] should receive, in addition to the \$100, the standard subsistence which you allot to all other personnel in similar status.

The \$100 per month is to start as of September 1 and is to be paid on a monthly basis. Starting on September 1, we will deduct \$100 from [redacted] pay and will arrange for the remainder to be deposited in his checking account.

I trust this meets with your approval.

Very truly yours,

*Bob*
